

# IPEC 2020 PC report

---

Yixin Cao and Marcin Pilipczuk

2020-12-15

Marthe Bonamy	CNRS Bordeaux	France
<i>Yixin Cao</i>	Hong Kong Polytechnic University	China
Yijia Chen	Fudan University	China
David Eppstein	UC Irvine	USA
Eun Jung Kim	CNRS	France
Marvin Künnemann	MPII	Germany
Euiwoong Lee	New York University	USA
Pasin Manurangsi	Google Research	USA
Pranabendu Misra	MPII	Germany
Irene Muzi	TU Berlin	Germany
<i>Marcin Pilipczuk</i>	University of Warsaw	Poland
Marc Roth	University of Oxford	UK
R.B. Sandeep	IIT Dharwad	India
Darren Strash	Hamilton College	USA

- 52 full submissions (including one P vs NP);
- 26 accepted papers (50% acceptance rate);
- IPEC 2020 later than usual:
  - no rush in the PC work (submission mid-July, notification mid-September);
  - proceedings ready for the conference.
- 51 submissions got  $\geq 3$  reviews (six got more).

The PC decided to award shared Best Paper Award and Excellent Student Paper Award to two papers:

- Tuukka Korhonen, for his paper *Finding Optimal Triangulations Parameterized by Edge Clique Cover*,
- Łukasz Bożyk, Jan Derbisz, Tomasz Krawczyk, Jana Novotná and Karolina Okrasa, for their paper *Vertex deletion into bipartite permutation graphs*.

## Parameterized Algorithms and Computational Experiments (PACE 2020).

- announced Oct/Nov 2019, submission deadline 1st June 2020.
- topic: **treedepth**.
- for the first time: short entry description in the proceedings for the top 5 entries from each track.

### PACE 2020 Program Committee

<i>Łukasz Kowalik</i>	University of Warsaw	Poland
Marcin Mucha	University of Warsaw	Poland
Wojciech Nadara	University of Warsaw	Poland
Marcin Pilipczuk	University of Warsaw	Poland
Manuel Sorge	University of Warsaw	Poland
Piotr Wygocki	University of Warsaw	Poland

Also for the first time: online IPEC.

- Unclear good format.
  - Copy-paste standard block of 20-minutes talk?
  - Change talk length?
  - Discussions and questions after the talk?
  - Corridor discussions? Socializing?
  - Good food at the banquet?

Also for the first time: online IPEC.

- Unclear good format.
  - Copy-paste standard block of 20-minutes talk?
  - Change talk length?
  - Discussions and questions after the talk?
  - Corridor discussions? Socializing?
  - Good food at the banquet?
- Decision 1: occupy only half-days.
  - Good for more locations (Europe + Asia).
  - More compatible with other duties.

- **First day:** 40 people in the morning, up to 60 later.
  - 309 emails, 158 Airmeet registrants.

Budget is different in the online setting.

- Proceedings: 2220 EUR (=  $37 \times 60$  EUR).
  - Covered by University of Warsaw excellence funds + ERC Starting Grant CUTACOMBS.

UNIVERSITY  
OF WARSAW

- Airmet license shared with IGAFIT Colloquia.

- Webpage etc (on the HK side) shared with ISAAC.

## **Back to regular IPEC in 2021?**

- Love to meet you in person!

## Back to regular IPEC in 2021?

- Love to meet you in person!
- But will attend 1-2 out of IPEC, ESA, ICALP, SODA, FOCS, STOC,...
- I tend to attend most of workshops I am invited to, and very few conferences I have paper at.
